HARTFORD, KY., FRIDAY, OCTOBER 31, 1902.

No. 15.

The diver dies without air to breathe. The consumptive dies without lungs to breathe the air, or of lungs rendered incapable of breathing by disease. The blood as it flows in and out of the lungs indicates the consumptive's progress. As the lungs grow weaker less oxygen is inhaled and the blood changes from scarlet to purple. Oxygen is the life of the blood as the blood is the life of the body.

The effect of Dr. Pierce's Golden Medical Discovery upon weak lungs is to strengthen them, to enable the full oxygenation of the blood, arrest the progress of disease, and heal the inflamed tissue. Lung diseases have been and are being cured by "Golden Medical Discovery." In cases where deep-seated cough, frequent hemorrhage, emaciation, weakness, and night sweats have all pointed to a fatal termination by consumption.

Some years ago I was almost a help to my friends and myself. I had given up all hope of recovery, until one day a friend advised me to take Dr. Pierce's Golden Medical Discovery, and after I had taken the contents of the second bottle I began to improve. After taking six bottles I was, I honestly believe, delivered from the grave and entirely cured. I am now a strong and healthy man.

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

AS TO RICHES

A Multi-Millionaire the Most Wretched Man in the World.

Not many men are wholly content with their lot in life. A man is apt to be either a philosopher or a fool. Neither wealth nor power nor fame nor the three combined can bring absolute happiness. There is always something lacking—something longed for, something unattainable, some desire or ambition unsatisfied. The poor want to be rich and the rich richer, though there are persons who have no desire for wealth, and there are people of wealth who do not enjoy it and who would be happier without it. A writer in the London Truth who signs himself "A Miserable Millionaire" thus pours out his tale of woe:

"Poverty is to happiness what hunger is to food; it is appetite. The simple pleasures delight the poor, and those are innumerable. Eight-and-fifty years ago I was born in a cottage, with no hope or prospect of rising above the position in which circumstances had placed me. As a laborer I passed my youth; would that my millions could reproduce that happy time. It is sufficient for the present purpose to add that I emigrated, prospered, and eventually amassed a colossal fortune. I now live in palaces, and I am wretched!"

"Care is my master. I have a multitude of interests, and in many directions, and my mind is never free from anxiety. I am in continual dread of losing some of the money which I have so painfully acquired, and a thousand and one unexpected occurrences could materially affect my fortune. The raid into the Transvaal cost me a quarter of a million, though I was not concerned in that despicable attempt."

"That is but one source of my misery. Money is made to be spent, and I do not know how to spend it intelligently. It requires special instincts, education, and training to enjoy the artificial pleasures which money can provide. I have collected many art treasures—which I do not understand. I only know what they cost, and the cost represents to me their value. In my library are stored the best editions of celebrated books, but I have neither the inclination nor the time to read them. My butler, gamekeeper, coachman, cook and the captain of my yacht are masters in their respective departments, for I know little or nothing of the management of a big establishment, the rearing of game and the beating of covers, the art of cooking and the government of a ship. The sense of inferiority is always active—though I am the nominal superior. The finest wines require the finest taste to appreciate them, and my taste is like my nature, rough. My friends have been chosen for their social value: they are companions, not friends. My wife, who formerly took so great an interest in whatever concerned me, now devotes herself to 'society.' My imagination breeds disturbing thoughts every instant of the day; my wife is ashamed of me, my son is eager to succeed to my estates and fortune, my friends are designing, my servants are swindlers. I am alone and in the way. I was immeasurably happier when from day to day I dodged starvation."

The law of compensation applies more fully and justly than we are apt to see or understand. Often the ills which we have are to be preferred to those which we would unwillingly accept. These observations are some what platitudinous, but it is well to keep in mind the fact that for the thinking mind there is no happiness unalloyed, that contentment is more easily sold than purchased, and that in the economy of this existence that which we call happiness is not measured by a metallic standard. The plaintive writer in London Truth suggests the musings of old Sedley, as recorded in Vanity Fair. It is the testimony of many another rich man who has reached wealth through toil and toil only to find at last and too late that there is a hunger which it cannot appease. Yet how much of the happiness of this world he might enjoy, and how much good he might do, if he only knew how. Most men know better how to make money than how to save it and more know how to save it than to spend it well and wisely or to employ it in doing the greatest good. It is fortunate that most people are what we call poor—people who must work to live. What an unfortunate world this would be if everybody were rich.

The entire treatment of Ramon's Liver Pills and Tonic Pellets for constipation, costs but 25 cents—medicine for a month, pleasant to take and thorough in action. Ask your dealer for Ramon's.

A girl in a neighboring town was a visitor to a charming family recently up in the Blue Grass country and as the story goes she was invited to a ping-pong party given in her honor

by her up-to-date hostess. After the party she wrote to her mother of fact, but a little behind the times, parents, telling them of her delightful visit, concluding her letter with "and dear pa, I have felt in love with Ping-Pong." The old man jumped to his feet as he read the last sentence and yelled to his wife: "Ma, if Sallie marries that durned Chinaman I'll drown her."

An Old Receipt.
We are indebted to Mr. Reuben A. Anderson for copy for the very ancient and novel certificate produced below:

No. 5. This is to certify, that Reuben Anderson, of the county of Woodford, in the second Collection District of Kentucky, paid the duty of one dollar and 50 cents, for 100 days ending on the 31st day of December next, for and upon a two wheel carriage, called a gig, owned by him, and the harness used therefor. This certificate to be of no avail, any longer than the aforesaid Carriage shall be owned by the said R. Anderson, unless said certificate shall be produced to a Collector, and an entry made thereon, specifying the name of the then owner of said Carriage, and the time when he or she became possessed thereof. Given in conformity with the laws of the United States, this 24 day of July, 1816.

C. H. DANIEL, for J. H. MORTON, Collector of the Revenue for the second Collection District of Kentucky.

Mr. Anderson to whom the certificate was given, was grandfather of Mr. Reuben A. Anderson, and one of the few men of his day, who was able to enjoy the luxury of a two wheel carriage.

High Prices Not Due to Tariff.

Our Democratic friends are trying to make high prices an issue in this campaign. Some of our food products are higher in price than they have been. The people of England and Germany are complaining of the same high prices. Meat and fruit and vegetables are reported to be higher in England and Germany than they have been for years. The people there complain, and they have better cause for their complaint than have the people in this country, for these products are largely exported from the United States. England has no tariff but meat and sugar and vegetables and fruit are high. Free trade and a free market for the world's products have not lowered the price of meat in England. They have turned to Canada and Australia without securing cheaper meat.

Germany had turned to Russia and other continental countries with the same result. The German tariff may affect the price of meat in that country, but not in England.

There is one consolation in the high prices of food products here and that is, that the money paid out in this way goes to the farmers of the United States and they keep it in circulation by paying it out for new agricultural machinery, household furniture, clothing and the products of the factories. They furnish the most valuable market the American manufacturer has, and enables him to keep his factory running full time, and employ labor at good wages.

So long as the farmers are prosperous there will be work for the factories, and a share of the prosperity will go to every wage-earner in the land.

HOUSEWORK

Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A haggard face tells the story of the overworked housewife and mother. Deranged meninges, leucorrhoea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her meninges and to keep her sensitive female organs in perfect condition.

WINE OF CARDUI

is doing this for thousands of American women to-day. It cures Mrs. Jones and that is why she writes this frank letter:

Glendora, Ky., Feb. 10, 1901.
I am so glad that your Wine of Cardui is helping me. I am feeling better than I have felt for years. I am doing my own work without any help, and washed last week and was not one bit tired. That shows that the Wine is doing me good. I am getting fresher than I ever was before, and sleep good and all hearty. Before I began taking Wine of Cardui, I used to have to lay down five or six times every day, but now I can think of lying down through the day.

HIS OWN WIFE.

Husband Surprised When He Discovered With Whom He Had Eloped.

Mrs. Harriet Falkner, of Yalesville, recently received an anonymous letter stating that her husband of a few months was attentive to a young widow, and telling of secret meetings at the Charter Oak Hotel. Mrs. Falkner shadowed her husband when he met the young widow and overheard an elopement being planned. A black veil and a bouquet of chrysanthemums were spoken of.

For two days Mrs. Falkner kept close watch on her husband. She said: "Saturday evening he said he was obliged to go to Meriden, and I followed. He drove to Meriden, and I boarded a trolley car and reached Meriden first, and went directly to the depot. There I saw a woman dressed in black, carrying a bunch of chrysanthemums. I went directly to her and said there was a man who said he lived in Yalesville waiting for her at the other depot. I said he had asked me to advise her to meet him at once."

"She asked me for a description of him, which I gave. She hastened away, and I purchased a veil and some flowers like the ones she carried. I went to the depot and soon saw my husband. I beckoned to him to follow and ran about the train. We were unable to get seats together, but at Hartford he touched me on the arm, and we left the train."

"After waiting together a while, without speaking, we went into the Allen House. Mr. Falkner said supper would be out of order. When about to seat myself at the table I lifted my veil. I thought Mr. Falkner would faint. I did not say anything about the other woman, but thanked him for his kindness in taking me out. He, of course, realized that I knew all. The next day he disappeared."—Philadelphia Record.

A Typical South African Store.

O. R. Larson, of Bay Vista, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. These, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

Easy Divorce a National Danger and Disgrace.

Easy divorce means a loose marriage tie. It means that husbands and wives, instead of bearing with one another's shortcomings, instead of seeking to accommodate themselves to the small, unescapable disappointments or irritations of married life, rush off to court and ask release.

Forty-one divorce cases were on the docket of Part III. of the New York Supreme Court yesterday. One hundred and thirty undefended divorce, separations and annulment of marriage cases have already been placed on the calendar for November and new cases are scheduled every day, says the New York American.

No doubt a proportion of these suits are the outgrowth of intolerable

wrong and incurable misery, but it is also certain that many of them would never have been thought of were it not that the idea of divorce has become familiar to the American mind.

Were divorces difficult, were it accompanied by deep social odium when lightly sought, fewer young men and women would enter the marriage state with the reserved intention of quitting it should perfect happiness not result.

The chaos of our divorce laws is a national law. They should be uniform throughout the union. Here is work for Congress if the States cannot be brought to do their duty.

Public opinion must be respected by lawmakers of course, and public opinion in the United States does not take the religious view of matrimony as a sacrament—a bond that should be broken only by death, or at most because of unfaithfulness. But there is a public opinion growing in favor of a nearer approach to the religious view—in favor of lessening the number of legal causes for divorce and surrounding the court processes with more stricter guards against collusion on the part of husbands and wives who wish to separate merely that they may take other mates.

Good Reasons.

The Republican party is worthy of the support of all good citizens, because—

It believes that labor in free trade countries is not as well paid as protected labor.

It does not believe in war, but when war must be fought it makes it short, sharp and decisive.

It believes in subordinating partisanship to patriotism.

It believes in the encouragement of American commerce.

It is opposed to the alienation of any part of American territory.

It believed in the annexation of Hawaii in spite of Democratic opposition.

It believes in discussing real issues without creating fictitious ones.

It believes in the expansion rather than the diminution of territory.

It prefers prosperity to panic.

It believes the best money in the world is none too good for America.

It is the only party that has ever entered suit in the Federal courts in order to curb the power of the trusts.

When you wake up with a bad taste in your mouth, go at once to all drug-discount drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation. m

WHAT PROTECTION

Has Done For America And American People in the Past Few Years.

What has protection done for America? A subservient Englishman has told a part of the story in his complaint that America has invaded Europe. He complains that the Englishman who a few years ago supplied the world, to-day sits down to his breakfast made of cereals manufactured in Michigan, beefsteak from Chicago, a slice of bacon from New York, and bread made from Minneapolis flour. On the way to his office he rides in a car built in New York, propelled by electrical machinery made in Schenectady, over a railway constructed by American capitalists, largely of American material and projected by American capitalists.

When he enters his office, if he is up-to-date, he sits in a revolving chair made in Chicago, before a roll top desk made in Buffalo; his letters are written on a typewriter made at Ilion, N. Y., he signs them with an American fountain pen, dries the ink with a New England blotter and files his letter copies in files manufactured at Grand Rapids. If he goes to the races for pleasure he goes the high stakes won by an American horse ridden by an American jockey. And when he reads his evening paper he finds that European nations are having battleships built in American ship yards, learns that an American artist is to paint the coronation of King Edward and that 40,000 gold, silver and bronze medals ordered by the King to commemorate that coronation were made in Massachusetts; that the Emperor of Germany had his royal yacht built in New York and sent Prince Henry across the Atlantic to attend the launching when the daughter of the American President should christen it. These are some of the changes of which the Englishman complained and they are largely due to the policy of protection to American labor which developed American industry and enterprise until it invaded the old world and made the British fear that some American would come along and annex the British Isles as a museum of antiquity when free trade rules the world. The Democrats would, however, stop the wheels of progress and again change the current of business from England to the United States instead of allowing it to continue from United States to England, Continental Europe and all the world.

How Bonner Won Success.

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and sagacious advertising. When he began the publication of the paper whose phenomenal success brought

him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at the time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, jobbing along in the ruts of the old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and those receipts increased with startling rapidity.

Every dollar disbursed in this way brought more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding to-day as it was forty years ago.

Large space in this paper is one of the best investments a merchant can make.

We now reach an ever increasing number of people in this and surrounding counties who are interested in what our merchants have to say regarding their stock of goods.

A FAMILY REMEDY

Pe-ru-na in Use in Thousands of Homes.

Mr. Harry M. Stevens, of Midland Beach, L. I., New York, proprietor of the Richmond Hotel, writes:

"It gives me pleasure to testify to the

Harry M. Stevens.

value of Peruna. I have used it for years and have found it to be a most excellent family remedy. For colds, catarrh and similar ills, it is unsurpassed."

HARRY M. STEVENS.

John L. Burnett, Member of Congress, Seventh Alabama District, writes:

"I take pleasure in testifying to the merits of your Peruna. At the solicitation of a friend my wife used it, and it improved her condition generally. It is a remarkable remedy. I can cheerfully recommend Peruna as a good, substantial tonic, and a very good catarrh remedy."

Peruna cures catarrh wherever located. Peruna is not a guess nor an experiment—it is an absolute scientific certainty. Peruna has no substitutes—no rivals. Insist upon having Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.

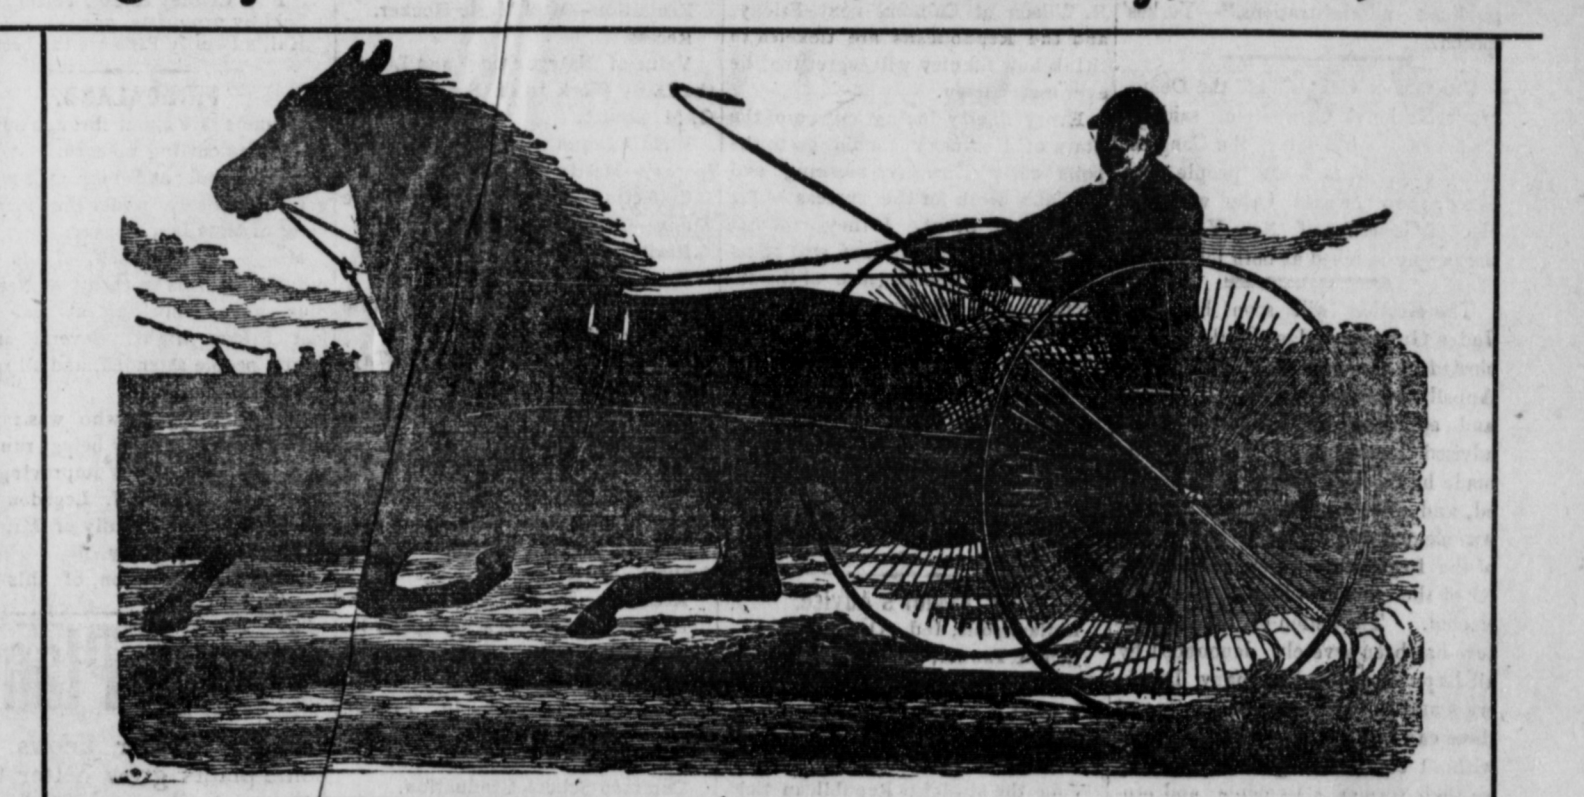

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Too much stress cannot be laid upon the importance of the great danger apt to result from apathy. It is all well enough to be contented for the present, but there is a future that must be looked after. If a Democratic Congress should result from a careless feeling of apathy on the part of the Republicans, the people of the country would have plenty of idle time to rue in the year of hunger that will surely follow.

At present an American dollar is as good as any other dollar in the world, but if the Democrats have their way with free silver, it will soon be a cheap coin.

If the Democrats win on November 4, remember it will be your fault if you don't vote, and also remember that it will mean free silver, free trade and anti-prosperity.

Republican Ticket.

For Appellate Judge—2nd District,
JUDGE R. L. D. GUFFY,
Of Morgantown.

ANNOUNCEMENTS.

For Circuit Judge.

We are authorized to announce W. T. OWEN, of Daviess county, as a candidate for Circuit Judge in the Sixth Judicial District, subject to the action of the Democratic party.

VOTE for Guffy and keep the court of last resort above machine politics.

ENTER your protest against the punishment of innocent men by voting for Guffy Tuesday.

The election of Judge Guffy is essential to the administration of justice by the courts in Kentucky.

Remember that Settle signed the petition asking Senator Goebel to contest the election of Governor Taylor.

The independent voters are the safety valves of popular government and this year they are unanimously for Guffy.

Go to the polls Tuesday and take your neighbors with you and vote for a fair administration of Kentucky justice. This means Guffy.

GROVER CLEVELAND made a speech at a Democratic meeting in New York a few nights ago, and Mr. Bryan's eyes turned green.

SETTLE is more to blame for the Goebel contest than Goebel himself, for if Settle had not advised it, the contest would not have been made.

The gold Democrat, David Bennett Hill, is now regarded by his party as its logical National leader. Don't the Democrats do funny things?

A failure to vote against Settle is a substantial endorsement of the contest made by Goebel and amounts to an approval of the action of the Legislature.

CALIE POWERS is under sentence of a life term in the penitentiary for the crime of being elected Secretary of State, and will serve the term if Settle is elected.

The man who fails to vote against Settle need not expect to be believed when he says he was opposed to the taking from Taylor the office to which he had been elected.

"The Democrats charge us with being responsible for strikes. Perhaps we are. Laborers don't strike only when they have work, and they rarely have work except under Republican administrations."—Yerkes' speech.

CHAIRMAN Griggs, of the Democratic National Committee, said the Democrats would carry the Congressional election, and the people wondered; then he said Coler would be elected Governor of New York, and the people laughed at both jokes.

The election will soon be held. Judge Guffy or Judge Settle will be elected to the important position of Appellate Judge. It is well known, and admitted by him, that Settle advised the contest of Taylor's office made by Goebel; that Settle contended, and still contends, that Goebel was elected and defended the action of the Legislature which robbed Taylor of the office to which he had been elected.

The action of the Legislature has been severely denounced by all Republicans and by many Democrats and Independents. No one of these can fail to vote against Settle without contradicting or discarding all their former statements and professions. Were you sincere in the past?

MR. LAVEGA CLEMENTS, Mr. Birkhead's law partner, rushes into print with a sworn statement that Mr. Van Rensselaer, postmaster at Owensboro, offered to furnish Republican votes for Birkhead if Clements would keep an equal number of Democrats from voting for Settle. Mr. Van Rensselaer denies the Clements' statement and circumstances are favorable to his statement. The conference took place in Mr. Van Rensselaer's private office and folks will naturally be curious to know why Mr. Clements, just at this time, should be visiting the private office of such a prominent Republican. And, too, Mr. Clements, if Mr. G. B. Likens reports him correctly, stands subject to indictment and prosecution for signing Mr. Birkhead's name to a petition to the legislature.

This is a Republican district by a good majority. Hence, if all the Republicans go to the polls and vote for Judge Guffy, he will be elected by a safe majority. Judge Guffy will receive the support of the Independents and also of many Democrats. It will be the fault of the Republicans if Guffy is defeated. A. O. Stanley said in his speech at Owensboro that a Democratic Court of Appeals was needed to convict the murderers of Senator Goebel. That a Republican court would never affirm a conviction of any one for that crime. We have long thought that the object of the Democrats was to get control of the Court of Appeals and then affirm the conviction of Powers. Now we know it. Powers was convicted by a partisan court and a packed jury, and everybody knows it, and no honest court will ever affirm it. Yet Stanley promises that if Settle is elected the verdict will stand, and we believe it; not because Stanley said so, but because such decisions are in keeping with Settle's record. Republicans, do your full duty and go to the polls and vote for Guffy, or the lives of innocent men will be sacrificed to help "hang Taylor and damn the Republican party."

To the Voters of the Second Appellate District.

I have made an industrious canvass of the district so far. I assure you that I am now stronger with the people than is my opponent. Nothing but apathy or overconfidence can defeat me. I shall continue the canvass until the election.

It is agreed by the court and judges that no important criminal or civil cases will be taken up for decision until after the election. Hence, no one need fear that any person or interest will suffer by reason of my non-attendance at court. Three members of the court are candidates, and it is not at all likely that either one will be at Frankfort often prior to the election.

I respectfully urge upon all my friends the importance of attending the election. If you will do so, victory is certain. I remain very respectfully,
B. L. D. GUFFY.

WYMAN.

The great trunk railroad from Bowling Green to Henderson is being surveyed through our county for the third time. The present company says the building of the road is a sure thing this time. While we have our doubts about the matter and think that is too good to be true, yet we sincerely hope it will be built, for there is nothing that we so much need as a direct route by rail to the Eastern markets.

So far the political campaign has been very quiet, but each party is full of confidence and expects to carry the county for its ticket. The race for Congress in this district will also be very close. The Democrats have arranged for Stanley to meet Hon. A. E. Wilson at Calhoun next Friday, and the Republicans are tickled to think how Stanley will regret that he ever met Wilson.

Every liberty loving citizen of the State of Kentucky should go to the polls early Tuesday morning and vote and work for the success of the Republican ticket. If they will but do so, our dear old State will be redeemed from the disgrace of the supremacy of Goebellism, and then step forward and take the place of honor among her sister states that rightfully belongs to her.

The new Cash Grocery wants your trade and it will be profitable for you to trade there.

Gov. Taylor's Advice.

Indianapolis, Ind., Oct. 23, 1902.
Dear Jack: In your recent favor, you ask what I think is the duty of our friends in the present political struggle in Kentucky. My answer is: "Vote the straight Republican ticket." The Democratic party, as now organized and dominated in that state, stands for political wrongs which have no parallel in modern history. Its overthrow is of paramount importance to every lover of liberty and justice. With best wishes I remain,
Yours truly,
W. S. TAYLOR.

PLEASANT RIDGE.

Pleasant Ridge is a little town situated on the Owensboro and Hartford road, sixteen miles from Owensboro. We have two large dry goods establishments, run by Welsh & Welsh and Westfield Bros., two drug stores run by A. J. Bell and J. M. Ragland, two churches—Methodist and Baptist—Rev. R. D. Bennett, of Hartford, pastor of the Methodist and Rev. R. T. Bruner, of Owensboro, pastor of the Baptist; two doctors, Shultz and Barnhill, one undertakers establishment, run by L. Johnson, two mill-

ner shops, run by Mrs. Westfield and Mrs. Tanner, one large flouring mill, owned by Westfield Bros., two blacksmith shops, run by Litsey and Johnson, one restaurant, run by Lawrence Taylor, one tobacco factory, run by C. Smith, one graded school, taught by Prof. Cox and Miss Stoy, two livery stables, all doing nicely under Republican times.

A Typical South African Store.
O R. Larson, of Bay Mills, Sunday River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor."

This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

Twenty pounds of white sugar for \$1 at the new Cash Grocery.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

FRIEDLAND.
Farmers are about through sowing wheat and cutting up corn.

Our school at White Oak is progressing nicely under the management of Miss Lou Hoover.

Mr. J. A. Sandbach, of this community, who is teaching at New Bannus, gave a spelling at that place last Friday night. Several of our young people attended, and all report a pleasant time.

Mr. R. C. Byers, who was injured several days ago, by being run over by a wagon, is slowly improving.

Mr. and Mrs. W. J. Logsdon were the guests of the family of Mr. J. O. Sandbach last Sunday.

Miss Effie Jamison, of this community, spent last Saturday and Sunday at the home of Mr. J. O. Sandbach.

Young Plants
Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and chers strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Sott's Emulsion offers an easyway out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Sott's Emulsion really feeds and gles the child growing strength.

Whatever the cause of weakness or failure to grow—Sott's Emulsion seems to find it and set it matter right.

Heart Trouble Baffled Doctors.

Dr. Miles' Heart Cure and Nerve Cure Me.

There is nothing more necessary to health than sleep and rest. If these are denied you, if you rise in the morning more tired than when you went to bed, there is an affection of the nerves plainly present. If your heart is weak, or there is an inherited tendency in that direction, your weakened nerves will soon affect your heart's action as to bring on serious, chronic trouble. Dr. Miles' Nerve Cure is a nerve tonic, which quiets the nerves, so that sleep may come, and it quickly restores the weakened nerves to health and strength. Dr. Miles' Heart Cure is a great blood and heart tonic which regulates the action of the heart, enriches the blood and improves the circulation.

"Some time ago I was suffering severely with heart trouble. At times my heart would seem to stop beating and at others it would beat loudly and very fast. Three to four hours sleep each night in ten months was all I could get. One week in last September I never closed my eyes. I got Dr. Miles' Nerve and Heart Cure at a drug store in Lawrenceburg, after spending \$500 in medicine, and in three days have derived more benefit from the use of your remedies than I got from all the doctors and their medicines. I think everybody ought to know of the marvelous power contained in your remedies."

Yerkes Speaking.

Hon. John W. Yerkes spoke here Wednesday to the largest crowd that has gathered here during the present campaign. At least 1,000 people packed the court hall and filled every available inch of space, to see and to listen to the eloquent gentleman from Danville. He was introduced in a few well chosen words by Col. J. S. R. Wedding.

In the beginning of his speech he reviewed the career and public service of Chief Justice Guffey, and appealed to the voters of all creeds to unite in keeping the highest court in the Commonwealth above the blighting touch of machine politics. He showed Judge Guffey to be a man of the strongest personality and unimpeachable integrity.

He then turned his attention to the national issues before the people, and showed the benign influences of Republican rule in the Northern states as opposed to the narrow and blighting effects of Democratic predominance in the South. He said that the Democratic party had always been a party of retreat and defeat; that the Republicans never look for presidents, but are governed by the necessity and demands of the hour. He paid a high tribute to American prestige and ascendancy, and showed that ever epoch of its development had been marked by Republican rule.

He showed himself to be a scholar of the first discriminating powers, and a polished orator of the rarest gifts. His speech was universally conceded to be the best of the campaign heard here, and voters of all parties were outspoken in praise of it.

In the evening a dinner was given at the home of Col. C. M. Barnett to Mr. Yerkes and Dr. James, at which the county officials and other prominent Republicans were present.

MUSIC

Rich, Mellow and Sweet Runs Madly to Waste.

Hartford citizens, who are fond of music, are grateful to the Democratic Campaign Committee for a generous display of that article yesterday afternoon.

Hon. Dave R. Murray, a Democratic orator of some note, had been extensively and extravagantly advertised to speak here and the band had been employed for the occasion. Only a handful of voters came in to the speaking, but the boys had to be paid, anyhow, and they gave us some nice music.

After much ringing of the bell and bumping the bass drum, about fifty men and boys came into the court house to hear the speech. Mr. Murray was sick and could not come, but he would have been, perhaps, sicker had he seen the size of the crowd that had come to hear him. Hons. D. H. Smith and Tom Pettit came to fill the appointment, but Ben D. Ringo did the speaking. Mr. Ringo devoted his efforts to attempting to reply to Mr. Yerkes' speech the day before.

Mr. Ringo finally quit and then Mr. Pettit talked some and then he quit.

The music was real good.

Y. M. C. A. Convention.

The first annual convention of the Ohio County Young Men's Christian Association was held in Hartford from Friday until Sunday. Mr. E. W. Patterson was elected president. The opening services were conducted by Rev. J. C. Petrie. A large number of young men of Ohio and adjoining counties were present.

"A World Wide Movement," a lecture with stereoscopic illustrations by Mr. W. I. McNair, of Louisville, was one of the most interesting and instructive features of the convention. Mr. McNair illustrated by word and canvas pictures, the powerful influence of environment upon the future of the lives of our young men. This was one of the most powerful and effective practical lessons to young men that it has ever been our pleasure to witness.

The very liberal attendance that greeted the convention was certainly very encouraging to the organization.

The new Cash Grocery will quote you prices next week. Watch for them.

Hon. J. A. Barrall, of Bullitt county, is the nominee of the Prohibition party for Congress in this district.

Pains in the Back

Are symptoms of a weak, torpid or stagnant condition of the kidneys or liver, and are a warning of an extremely hazardous condition of these organs. They are commonly attended by loss of energy, lack of courage, and sometimes by gloomy foreboding and despondency.

"I had pains in my back, could not sleep and when I got up in the morning felt worse than the night before. I began taking Hood's Sarsaparilla, and now I can sleep and get up feeling rested and able to do my work. I attribute my cure entirely to Hood's Sarsaparilla." Mrs. J. N. FERRY, care H. S. Copeland, Pike Road, Ala.

Cure kidney and liver troubles, relieve the back, and build up the whole system.

AUNT MIMA READY

And Bur Willing, But the Wedding Didn't Come Off.

A mighty host of colored and white spectators, who had assembled at the colored Baptist church, Monday night, to witness the union in holy wedlock of Aunt Mima Young and Bur Park, were sadly disappointed, when at the appointed time, the groom to be, failed to appear.

Aunt Mima is a nice old colored lady of very ancient birth, so ancient, in fact, that all of those living when she passed the first mile post of life, have passed into the beautiful beyond; and as her memory does not run back quite to that important date, no one knows her age, but it is reasonably certain that had the roar of Jackson's musketry echoed among Kentucky's hills, it would have fallen upon Aunt Mima's ears. Bur is younger and more sprightly than Aunt Mima, but for reasons satisfactory to them his friends have insisted upon supervising his conduct, and it was a bit of this supervising that prevented him becoming the husband of Aunt Mima Monday night.

There was indeed no objection to Aunt Mima, who had served two husbands faithfully and well until that cruel tyrant, death, laid his icy hand upon them, but because they thought it best for Bur to live alone that his friends would not allow him to marry.

Despite her advanced age Aunt Mima is a lady of good taste and she insisted on the church being decorated for the occasion, which was tastefully done.

On account of the novelty of the occasion, a number of the white boys went out to the church and took Aunt Mima numerous, serviceable, if not beautiful presents, ranging all the way from a fine toothed comb to a meal sieve. We could not attend the wedding, but we sent the bride a nice head of cabbage.

The church was crowded, the lights beaming brightly, the flowers emitting their perfumes, and the bride, stately and grand, arrayed in a gown of spotless white, held in her hand a bouquet as big as Mount Sorato, but the groom came not.

In a lonely cabin in the north end of Hayti, Bur sat dejected and alone, a prisoner in the keeping of those whom he supposed his friends.

The hours wore sadly and sorrowfully along for Bur, but the many nice presents proved a balm for Aunt Mima's wounded heart and she finally left the church as cheerful as a chicken in June bug time, but she says the end is not yet.

PISO'S CURE FOR CONSUMPTION

A TERRITORIAL RESIDENCE

A Farmer Who Lives in Two States and Three Counties.

Mr. Stirman Vowells has returned from a business trip in Southern Kentucky, and while there had an unusual experience. He called on an old gentleman named Cherry, and after making a trade with him they dropped into a friendly conversation. Finally the old gentleman asked:

"Do you know where you are and where you have been since you have been here?"

Mr. Vowells looked around him to make sure that he had not been anywhere except in the yard and the house.

"You have been in two states and three counties in fifteen minutes," said Mr. Cherry. "As for myself, I sleep in Kentucky and eat in Tennessee. My meat comes from Logan county, it is cooked in Simpson county and I eat it in Robertson county."

Mr. Vowells asked for an explanation, and he was told that the state line between Kentucky and Tennessee ran through the house, and the line between Logan and Simpson counties in Kentucky passed between the smokehouse and the kitchen.

Any druggist who looks more to the health and welfare of his friends and customers than to the increase of his prescription trade, will recommend Ramon's Liver Pills and Tonic Pellets for attacks of indigestion and biliousness. They are far better than strong drugs and much cheaper than prescription pills. G. C. McClure & Son, the leading druggists of Gallup, Ky., write: "Ramon's Liver Pills and Tonic Pellets have proved to be the most popular and satisfactory medicine we ever handled." A trial will convince you of their great superiority over ordinary liver pills. 25 cts. J. H. Williams.

Lyon's Laxative Syrup is a vegetable preparation absolutely harmless in its effect; it acts gently on the kidneys, liver and bowels; cures constipation, biliousness, sick headache; clears the complexion and makes the blood pure. An ideal remedy for children as well as adults. For sale by J. Thos. Allen, Rosine, Ky.

Having failed in getting aid from the distressing coal strike, the Democrats will now turn their attention to calamity. But everybody has heard the story of the boy who foolishly yelled wolf. One day the wolf came.

All who use atomizers in treating nasal catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 50 Warren St., N. Y.

New Orleans, Sept. 1, 1906. Messrs. Ely Bros.—I sold two bottles of your Liquid Cream Balm to a customer, Wm. Lamberton, 1414 Delachaise St. New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results. Geo. W. McDuff, Pharmacist.

"We are the only nation of importance paying off our debt," says Senator

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. If it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. All correspondence should be sent to Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

ator Gallinger. "We could sell \$1,000,000,000 of bonds at 2 per cent in twenty-four hours." The Republican way is to keep on canceling bonds, as Secretary Shaw continues to show—Globe-Democrat.

Stricken With Paralysis. Henderson Grimet, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—G. O. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

Spellbinding is good enough in its way, but for simon-pure satisfaction the action of President Roosevelt in settling the coal strike was far and away ahead of it.

A Word to Travelers. The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

While the Democratic orators are making the statement that the cost of living is higher this year, they do not state in this connection that the chances of obtaining employment are greater than ever before in history. Is this not an evidence of prosperity?

THIS REMEDY CATARRH is sure to GIVE Satisfaction.

Ely's Cream Balm. Gives relief at once. It cures, soothes and heals the diseased membrane. It is absorbed and drives away a cold in the head quickly. It is absorbed. Heal the throat. Taste and Smell. Full size 50c. trial size 10c. at druggists or by mail. ELY'S BALM, 50c. Warren Street, New York.

Remember that President Roosevelt declared recently that the tariff is a business and not a party question. These words are uttered by the right man and should go far towards shaping public judgment.

Did you ever reflect that when you cast your ballot for a Republican Congressman on November 4, you are endorsing the policy of civilization in the Philippines and helping to make bright the future of benighted millions.

There is one comfortable reflection for the Republicans in the campaign about to close and that is there have been no dark days of disaster predicted. It has been a gospel-of-hope campaign, and this is one that always wins because it is popular.

Artistic Monuments
COST NO MORE THAN PLAIN ONES IN **White Bronze.**
Marble is entirely out of date. Granite soon gets moss-grown, discolored, requires constant expense and care, and eventually crumbles back to Mother Earth. Besides, it is very expensive. White Bronze is strictly everlasting. It cannot crumble with the action of frost. Moss growth is an impossibility. It is more artistic than any stone. Then why not investigate? It has been adopted for nearly one hundred public monuments and by thousands of delighted customers in all parts of the country. It has been on the market over 25 years and is an established success. Many granite dealers have bought White Bronze for their own burial plots. We have hundreds of beautiful designs of all grades of work, and want to have you see them if you are interested in a monument, headstone, marker or grave-cover. On receipt of a postal card will be pleased to call with designs and sample of White Bronze.
